

Quality Caregivers

Employees of At Home Nursing Care are screened, trained, bonded and insured and we carry general liability and worker's compensation insurance. We also offer our employees a 401k with a company match and we require 12 hours of additional training per year.

We have been very happy with our service with At Home Nursing Care. The nurses are professional, prompt, knowledgeable and kind with our students and families. The administrative staff has gone out of their way to help us staff our district whenever we were in need.

A Foundation of Trust

Marykay Reynolds 1950 – 2008, with **Lauren Reynolds** – Founder/Owner, Former ABC 10 News Investigative Reporter, Entrepreneur of the Year 2013, Winner of 11 Emmy Awards and the Sol Price Prize for Investigative Journalism.

Lauren Reynolds founded At Home Nursing Care after her own mother's struggle to stay safe and comfortable while battling terminal cancer. The experience prompted Lauren to retire from a 17 year career as a journalist to launch an agency dedicated to enhancing the lives of those we serve.

As a mother of two children and the aunt of two special needs young men, she understands the importance of inclusion for academic and social success.

In 2014 – Lauren added At School Nursing Care as a service line of her home health agency to help children receive the medical care they need to be as healthy, content and productive as possible in school.

Our Nurses Improve Your Health

At School Nursing Care has been approved by the California Department of Education to provide services in California schools. Email contact@athomenursingcare.com to request a copy of our approval.

We offer a no cost meeting to evaluate your district needs and how we can be of service.

All care is supervised by our Nursing Supervisor, with staffing services available at competitive rates.
